

Survey for

Young people with Special Educational Needs and Disability (SEND)

Have your say.

We want children and young people to let us know about your experiences of the SEND system in Bristol.

We need to know what you would like to see improved and what is working well, to help us make things better for you.

Please share your views at:

www.bristol.gov.uk/SENDchildsurvey

The survey will be open until 20 March 2020.
