"I Love the forest" (Tiffany age 3)

THE FOREST SCHOOL EXPERIENCE

An aspirational place built on love, courage and respect.

Together we are the heart of the community

A special place...

"I can see the sun up there" (Jamie)

The Forest Experience

We believe outdoor learning has a positive impact on children's well-being and development.

Learning outside in the natural world is an essential part of our early years education offering opportunities for exploration and risk taking in a magical world of adventure.

Forest Experience will be included in our plans delivered in the garden. They will hopefully get a trip to the real forest at Stoke Park on the local bus during the summer terms but this is dependent on volunteers to help.

Your child will have a unique experience. They may participate in activities such as:

- den building
- magic potion mixing
- exploring trees and flora using all their senses
- campfire building
- mud writing

The forest experience can offer young children the opportunity to take risks within an outdoor area that has been assessed as being safe. This is important for children's development as "There can be no progress without risk" Putman, 2004).

We challenge ourselves...

We ask questions...

We find out answers...

We use our bodies...

We support each other...

We look...

We listen...

We touch...

We explore...
